PAPRIKA

The textured finish of Stonclad UF can be tailored to meet your specific needs. Note that each Stonclad UF installation will have some variation in texture/finish as a result of it being a hand troweled application. Stonclad UF requires no sealer. All colour swatches shown of Stonclad UF are 'as installed' and intended for colour/appearance purposes only. Stonclad UF is offered in 10 standard colours. Colour reproductions are as accurate as modern photography and quality printing methods can produce.
